

Brain Games

What is half of two plus two?

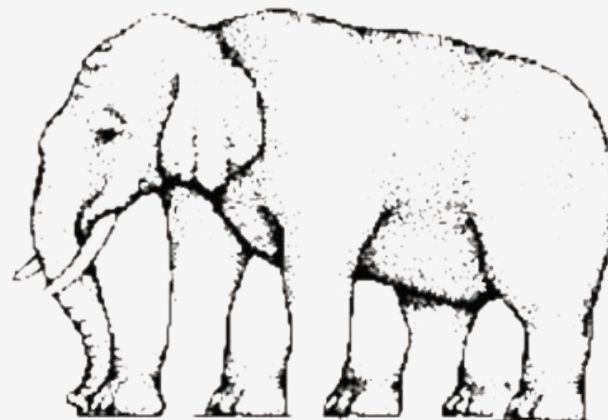

Using the grid to the left, how many words can you find? Each word must contain the central "K" and no letter can be used twice, however, the letters do not have to be connected. Proper nouns are not allowed, however, plurals are. Can you find the nine letter word?

Place all of the digits from 1 to 9 into the circles so that the sum of the numbers in each straight line is the same.

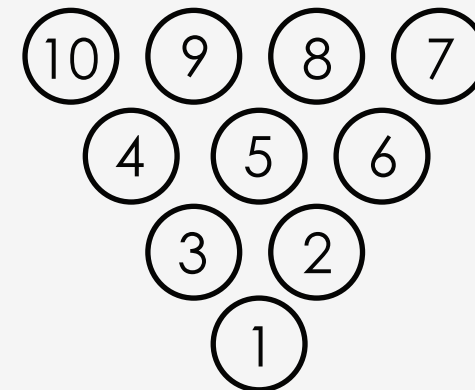

How many legs does this elephant have?

A man wants to transport a fox, a chicken, and some corn across a river. He has a rowboat, but it can only carry the man and one other item. If the fox and the chicken are alone together, the fox will eat the chicken. If the chicken and the corn are alone together, the chicken will eat the corn. How does the man do it?

Can you name four days which start with the letter "T"?

By moving only three circles, turn the triangle upside down.

Day 1

Time	Topic
